2026

Avant is a brand of pottery, designed with special focus on the advertising industry. We create new trends and give our customers a guarantee of the highest quality and reliability. We want the result of our work was beautiful ceramics for daily use which may be a carrier of advertising and a gift and at the same time.

**We have been producing mugs and cups for 30 years
mugs and cups marked with individual print**

We have more than 6000 sq.m. of production and warehouse halls with modern machinery and an experienced crew. We have our own design studio with Geometric Design system coupled with CNC machine for perfect shape quality.

As the only company in Poland we realize our own production of ceramics from all its stages

Stoneware is a type of ceramic that allows enamel in any color

It is made of kaolin, feldspar and quartz. The formed products are fired at a temperature of about 1200°C in order to achieve the intended fluid resistance, strength and hardness.

Our products are designed and manufactured in Poland

We use only safe raw materials - environmentally pure ceramic clay and glazes produced by leading manufacturers in the European Union. The products of this series provide the highest quality. All products are protected by copyrights.

Production cycle

Design Product casting Firing Glazing Firing Printing and decorating Firing Packaging

Through functionality and aesthetics we respond to customer needs

We are aware that our products evoke emotions and feelings, that's why we work with experienced designers. We give positive experiences at every point of contact with the product. We solve problems and use potential opportunities.

**We offer traditional and contemporary techniques
of decorating ceramics**

Our team's experience allows us to make complex prints and projects

Ceramic decal

The most sustainable method of the decorations of the ceramics, which is done in screen-printing. After imposing on the product, decal is burned in high temperature which provides the highest quality, durability, resistance to abrasion, temperature, chemicals, washing in domestic dishwashers. It enables to place the imprint inside the cup, on the handle, on the bottom, to do personalisation, pictures and printing in Full Color (CMYK).

Direct printing

A cost-effective method for decoration of pottery, which is performed using a ceramic inks printed directly on the mugs and then burned at high temperature, so that the printing is resistant to any damage. Enables printing full colors, on the specified surface, on the outside of the product.

Organic printing inks

Unlimited colors (Cyan, Magento) and CMYK prints. Fluorescent colors also available. These inks contain no heavy metals. Imprints are resistant to solvents, acids and alkalis and to temperatures up to 10 degrees C. The resistance to Scratching of the imprints is comparable with household pointed objects.

Chemo-setting

The most economic method of decoration, made using chemo-setting inks on the machine for direct printing. It has limited durability to mechanical damage. Does not require the firing of the imprint. Printing in full colors, on the specified surface, on the outside of the product. Manual cleaning is recommended.

Thermo active

The thermo active ink is put on the previously fired printing, it covers the whole printing or its part. After pouring the hot liquid the thermo active ink becomes transparent. Enables printing on the specified surface, on the outside of the product. Manual cleaning is recommended.

Embossed decoration

The method of decorating with a ceramic carbon the convex part of the cup surface. After applying to the product, the tracing paper is fired at a high temperature, which ensures the highest quality, durability, resistance to abrasion, temperature, chemicals and washing in dishwashers.

IMPRINT

In addition, we offer spray painted products

Spray painting

Painting with high temperature paints, painting is done by the KUKA robot. Spray-painted products are resistant to damage mechanical and washing in dishwashers. Can be used on selected stoneware products and porcelain. All imprint technologies are available for these products.

**SPRAY
PAINTING**

Creating new jobs for its people Avant contributes to the development of the municipality

Avant Stoneware Factory is one of the largest employers in the region. From the beginning of existence also employs people with disabilities. In 2007 we obtained a "W Pełni Zaradni" certificate. In 2010 Avant joined the Polska Izba Artykułów Promocyjnych. In 2019 we were awarded with the Marka Lubelskie certificate.

We work with the best designers of industrial design

The Kabo&Pydo duo formed by Katarzyna Borkowska and Tomasz Pydo, deal with the design and implementation of manufacture include: ceramics, glass, furniture, lighting. Young, gifted, highly paid with numerous prizes and distinctions, conquer the world with unique projects. Their products feature a unique design that goes hand in hand with convenience - they use ergonomic handles and design bottoms that allows water to run when washing in dishwashers.

A collection of handmade ceramic items featuring a blue and white marbled pattern. The items include a square plate, a bowl, and a cup, all resting on a wooden surface. The marbling is intricate, with blue veins and spots on a white background.

The effect glaze is a type of unique ceramic glaze and a unique artistic effect on the surface of ceramics. Enamel can create a variety of patterns such as spots, crystal streaks, structures and color gradients. Due to manual production, each piece may give slightly different results which makes the products unique.

Wilno

Village

A large, minimalist orange pitcher with a simple handle, centered on a white background. The word "New" is written in a clean, sans-serif font in the top right corner of the white area.

A blue mug is shown against a light gray background. The mug is a simple, cylindrical shape with a handle on the right side. It is casting a soft shadow to the left. In the top right corner, the word "New" is written in a bold, black font.

A solid pink mug with a handle, casting a shadow on a light gray background. The mug is cylindrical with a slightly flared rim and a simple, curved handle on the right side. It is positioned in the center of the frame, and its shadow is cast to the left and slightly forward. The background is a uniform light gray. In the top right corner, there is a white rectangular box containing the word "New" in a bold, black, sans-serif font.

The Toledo logo features a stylized 'T' symbol composed of two thin black lines forming an L-shape, positioned to the left of the word 'Toledo' in a bold, black, sans-serif typeface. The entire logo is set against a solid yellow background. Below the logo, a white rectangular area contains a partial view of a blue ceramic object, likely a bowl or cup, which is cut off by the right edge of the frame.

Packaging

We offer individual packaging for our products, for sets of mugs, occasional packaging and packaging made for special orders

In our printing house, it is possible to apply the print to individual packaging, the offer also includes packaging with CMYK print and laminated packaging. It is possible to make individual packaging for each product in our offer. The high paper weight used for their production gives additional security during transport. The standard packing method are bulk boxes.

The cardboards we use are FSC certified!
